Dear Mayor Handley:

I am pleased to advise you and your council that the following project will be funded under the Alberta Municipal Water/Wastewater Partnership. Based on your application, the approved grant is 61.54 per cent of the estimated eligible project cost.

**Wastewater Treatment Plant Sludge Handling System, up to a maximum grant of \$1,862,200.00.**

The final grant amount will be based on the actual eligible costs at the time of project completion, up to the approved maximum grant amount. As part of the previous approval conditions, no cost increases can be considered. With this funding, the Town of Nanton will be solely responsible for all costs to use, operate, maintain, repair, and replace the completed project.

While I look forward to sharing this important investment, please do not publicly communicate this funding approval until provincial announcements are made.

Our government continues to make investments in hospitals, schools, roads, bridges, transit, and water infrastructure to support municipalities in improving critical local transportation infrastructure, creating jobs, and stimulating the economy.

Transportation and Economic Corridors staff will be in contact with your administration to formalize the funding agreement to undertake this work.

Sincerely,

Honourable Devin Dreeshen, ECA  
Minister of Transportation and Economic Corridors
