

REPORT FROM ADMINISTRATION

Meeting: May 15th 2023

Agenda Item: 3.1.2

Chief Administrative Officer

Water and Wastewater Programs

We are in the middle of a fairly intense capital repair and maintenance program this month in both water and sewer. We continue to thank the public for their patience.

Pool

The pool will likely open after the May long weekend. Jet infrastructure has required significant work and needs time to cure and be filled back in.

Public Notices/ Public Participation

Personnel and Professional Development

Our Peace Officer is awaiting his appointment coming through from the Solicitor General but is active for bylaw enforcement. Traffic activities will resume as soon as possible.

We have unexpectedly said farewell and best wishes to Nicole Roy. The office will be a little stretched in May as a consequence, but I'm advised that it takes too long to train a casual to make much difference to office support at this juncture going into our busy time.

The following reports are enclosed:
