

POLICY

Department: Roads
32 - 20 - 23/01/16

DUST SUPPRESSION

PURPOSE:

To formalize the Town's approach to annual dust suppression provided to select unpaved road surfaces within town limits.

POLICY:

1. Unabated dust from gravel roads may pose safety and nuisance concerns, with the Town identifying critical areas for annual treatment from the Operations budget.
2. The Town cannot accommodate requests for additional areas or treatments of dust suppression (at cost as a sale of service) at this time.
3. While nuisance concerns are empathized with, the Town has a limited annual budget available for dust suppression and prioritizes this work accordingly in line with this policy.
4. This policy represents a formalised 'baseline' to enable better understanding by the public and an easier, more transparent, starting place for discussing levels of service and value for money in future.

PROCEDURE:

1. The Town will implement the use of products that meet environmental standards and its discretionary needs, while always reviewing and exploring different options.
2. The Town will apply dust suppression annually in front of the properties and lands identified in Schedule 'A'.
3. Property owners or residents who wish to pay for additional or repeat applications of dust suppression on any unpaved municipal streets, avenues or alleys privately from contracted service providers may do so as long as the Operations Department have an opportunity to first review and approve the proposed location(s), product and application methodology.
